PROFESSIONAL SUMMARY

Full Stack Developer with over 1 year of experience building responsive, high-performance web applications using MongoDB, Express.js, React.js, and Node.js. Currently working as a Full Stack Developer at Hexa Branding, a creative agency with offices in Calicut, London, and the UAE, delivering full-stack MERN applications and dynamic client websites for businesses across India, the UK, and the UAE. Skilled in translating design and business requirements into clean, maintainable, and scalable code.

EXPERIENCE

Full Stack Developer — Hexa Branding *2026 – Present*

- Working as a full stack developer handling both frontend and backend development for client and internal agency projects.
- Built and maintained full-stack MERN applications, including an internal HR/employee management system (JWT authentication, MongoDB, REST APIs, Zustand, Tailwind CSS, attendance tracking, CSV exports, leave management).
- Developed Royal Falcon Group's web application for a UAE wholesale client using React, TypeScript, Vite, Tailwind CSS, Node.js, Express, and MongoDB; handled pre-deployment fixes, SPA routing, and environment configuration.
- Developed Malayalamithram, a bilingual Malayalam news portal built with React.
- Delivered dynamic websites including Golden Evergreen Productions (UK/India film production company), Village Allure, HNN News Portal, and GEIA, using React, PHP, jQuery, GSAP, and Bootstrap.
- Worked on Hexa Branding's own agency website using GSAP/ScrollTrigger animations, Swiper, and responsive layouts across breakpoints.
- Collaborated directly with clients and designers, translating screen recordings and design references into functional, responsive UI.

MERN Stack Web Development Intern — DHA Academy *2025 (6 months)*

- Built and optimized full-stack web applications using MongoDB, Express.js, React.js, and Node.js.
- Designed responsive front-end interfaces and integrated RESTful APIs.
- Assisted with database design, API creation, and backend logic implementation.
- Collaborated with senior developers using Git and agile workflows.

Sales Executive & Social Media Publisher — Prince Motors TVS *2025 (3 months)*

- Managed customer relations and boosted sales through effective communication.
- Published social media content to increase brand visibility and engagement.
- Coordinated promotional campaigns to drive local market reach.

Web Development Intern — Funk Craft Studio *2024*

- Developed responsive and interactive websites using HTML, CSS, and JavaScript.
- Used React.js for building dynamic, user-friendly UIs.
- Integrated RESTful APIs to enhance functionality.
